The annual meeting of the Blake Memorial Association was held in the reading room of the library Tuesday, Jan. 28, at 2 p. m. and the following officers elected: Secretary, Susie T. Taplin; treasurer, C. M. Page; president, O. P. Dickey; trustees, O. P. Dickey, Warren Erwin, J. W. White, Susie T. Taplin, W. H. Thompson, F. M. Corliss, L. L. Worthington; book committee, Adelaide Rowland, Susie T. Taplin, Laura Lalane, Anna Jackson, Stanley Miller, Librarian, Susan Butterfield. Voted to impose a fine of three cents a day on all books kept out longer than three weeks. Patrons of the library kindly take notice.

Friends of Irwin Worthington will be glad to hear that he is in comfortable quarters in Coblenz, across the Rhine, after a not too pleasant trip from France. He was well and enjoying good food and sleeping accommodations.

Our long period of fine weather seemed to get tired of being good and Friday, Jan. 24, it began to "act up" in real March blizzard style, and the little know that fell mostly went somewhere else. However, the "mild period" soon came back and we wonder if the oldest inhabitant remembers another January with as little variation in temperature of so mild a type.

George Huse was home from Montpelier for the week end.

George Zwicker returned to his school in Bradford this week.

Charles Zwicker has been out of school a few days with throat trouble.

Karl Carter's boys are back in school after an absence of several weeks with the flu.

William Metcalf is drawing logs for E. M. Bowen, boarding at Charles Sinclair's.

## HERE'S WARMING, SOOTHING RELIEF FROM YOUR RHEUMATIC ACES

For prompt relief from Rheumatism, Neuralgia, or Lumbago, you can depend on Sloan's Liniment. The warming, soothing, counter-irritant effect is the quickest way to overcome the inflammation, swelling or stiffness. A few drops go right to the sore part, draw the blood from the congested place and remove the cause of the ache. The great penetrating power of

Sloan's Liniment makes rubbing needless. It is easier and cleaner to use than plasters or poultices. It does not stain the skin or clog the pores. A bottle of Sloan's Liniment is all you need for quick relief from the pains of sprains, bruises, backache, stiff neck, and most forms of rheumatic twinges. Generous size bottles at druggists everywhere.

happy discovery of Cincinnati chemist interests women here

Your high heels have put corns on your toes and calluses on your feet, but why care now?

A genius in Cincinnati discovered a magic ether compound and named it freezone. A quarter ounce of this freezone can now be had at any drug store for a few cents. Apply a few drops on your toes, rubbing corns or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with your fingers.

Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses for a few cents and without suffering one particle, without the slightest irritation of the surrounding skin. Just a touch of this marvelous freezone on a sore, troublesome corn gives instant relief.—Adv.

## WOODBURY

Local Team Defeated One from Hardwick at Basketball.

The Woodbury A. C. played and won its second basketball game of the season last Saturday night at the local gym, when it lined up against the fast Speedwell five of Hardwick. The game was clean and well played by both teams.

It was the opinion of the spectators that it was as fast and interesting as any game ever staged here. The Speedwell five is made up of a light bunch of players, but would make any team of their weight in the state travel to follow them. The high scoring for the visitors was done by Thomas and Beede, each caging three baskets. For the locals, Ross and O. Atkinson did the counting, the former looping five, while the latter followed closely with four. The score was 28 to 19. Baskets from floor—Ross 5, O. Atkinson 4, Beede 3, Thomas 3, Davis 2, D. Atkinson 2, Sanford 2, Shattney, Wheeler, Fouts—Thomas, Time—Two 20-minute periods. Time—Blake. Scorer—Burke. Referee—Shattuck. The lineup is as follows:

Speedwell: Ross, r. f.; Thomas, r. f.; O. Atkinson, c.; H. Sanford, l. f.; D. Atkinson, l. f.; Wheeler, D. Davis, lg. r. f.; Shattney, rg. r. f.; Bingham, rg. r. f.

The refereeing by Shattuck could not be beaten and the W. A. C. boys are hoping he will be able to be on hand every game.

## REPORT MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry—Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxins, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—Adv.
